“I got a board role within 6 months of completing the SheSuite Africa Program.”

The PAWEN course came at just the right time for me as I navigate my leadership journey into C Suite roles. I found that each session was a building block of another creating a seamless intergration of concepts. Each week one concept would buttress something from the previous week. The masterclasses were led by amazing leaders who honoured us with a wealth of wisdom that I know I would not be able to afford if I approached them one-on-one for similar audience. The confidence I have gained just by listening to other leaders is tangible and I very pleased to have taken part in this course.
